**Apex Bulk Commodities Announces a Decade of Safety Achievements and Recognition.**

For the tenth straight year APEX Bulk Commodities places in the top three of the safest trucking companies in California as recognized by the California Trucking Association's (CTA) Annual Fleet Safety Contest.

According to Steve Gale, President of Apex, "Apex is proud to be recognized by the CTA for our entire organization's committed efforts to be one of the safest trucking companies in California, and throughout the United States. One example of that commitment is our Fontana Terminal's 2010 safety record of carrying 13,000 loads, 2 million miles with 0 accidents and 0 injuries. It's the safety of our employees, customers, and the general public, that is key to running our trucking company."

Apex Bulk Commodities is the largest, most diverse bulk transportation company in the western United States. Our vision is "TO SAFELY AND EFFICIENTLY SERVICE THE NEEDS OF OUR CUSTOMERS." Based in Adelanto, California, Apex has grown from its original single location to 5 full service terminals throughout the western United States. Locations are: Adelanto, CA, Bakersfield, CA, Fontana, CA, Las Vegas, NV and Tyler, TX.
