

Dorje Chang Buddha is Living in America

Over 100 enlightened dharma kings and great rinpoches have acknowledged and recognized Master Wan Ko Yee as the third incarnation of H.H. Dorje Chang Buddha and the second incarnation of Venerable Vimalakirti as documented in the book H.H. Dorje Chang Buddha III. Zhaxi Zhuoma Rinpoche, a close disciple of His Holiness, will explain why this is so and introduce the precious Buddha-dharma contained in this book that can enable living beings to quickly become enlightened.

Zhaxi Zhuoma Rinpoche has given presentations in various cities throughout the West, Midwest, East Coast, and South on the genesis and major teachings of the book *H.H. Dorje Chang Buddha III*.

Rinpoche has stressed that all traditions, be they Theravada, Mahayana, or Vajrayana, could trace their roots back to Dorje Chang Buddha who was the first Buddha with form in the universe—a manifestation of the primordial dharmakaya Adharma Buddha. She also emphasized that Buddhism recognizes the contributions of other religions and encourages any sect, whether Buddhist or not, that teaches morality, kindness, and compassion. She said, “The great Bodhisattvas and Buddhas who incarnate into this world to help living beings are not always Buddhist. They aren’t always famous abbots or great dharma kings or even always human beings. You might be living next to such a holy being and not know it.”

When discussing H.H. Dorje Chang Buddha III with H.H. Penor Rinpoche, the former head of the Nyingma Sect told Rinpoche: "Never in the history of Tibetan Buddhism has anyone claimed to be an incarnation of Dorje Chang Buddha. Because this is the Dharma Ending Age, it is good that such a high being has incarnated." H.H. Penor Rinpoche also said that such a holy being should manifest many magical and miraculous attributes. These qualities are well documented in the book *H.H. Dorje Chang Buddha III*.
